The animal was a pet of the family and a handsome cocker spaniel. However the safety of the community was considered first by Mr. Myer and he ordered the dog killed at once on finding what was the matter with it.

A TRANSPOSED HEAD—Readers of The Republican yesterday wondered why a very excellent article urging the people of the country to join in the work of progress and reform had been placed under a caption relating to the death of a pioneer at Tucson. This was a case of "transposition of heads." The article which appeared was by Mr. Henri Bohotens, Jr., a talented young man connected with the Phoenix schools prepared under the caption, "A Call to Arms."

SULZER DEMANDS PAY AS NEW YORK GOVERNOR

Secures Court Order Citing Comptroller Schomer to Show Cause for Non-Payment

[ASSOCIATED PRESS DISPATCH]
ALBANY, Feb. 23.—William Sulzer today instituted legal proceedings before Justice Alden Chester of the supreme court, to regain the governorship from which he was removed last October. An order was issued by the court commanding Comptroller Schomer to appear and show cause why a writ of mandamus compelling him to pay the former governor his full salary as occupant of that office should not be issued. Sulzer previously had written a demand on Schomer for his salary. An attempt will be made to get the case before the United States supreme court, but it is doubtful if a final decision can be obtained before the term of Governor Gynn, Sulzer's successor, expires at the end of this year.

WILSON PAYS TRIBUTE TO GEORGE WASHINGTON

[ASSOCIATED PRESS DISPATCH]
WASHINGTON, Feb. 23.—President Wilson crossed the ice-jammed Potomac today in the naval yacht Sylph, and from a glass-enclosed stand reviewed the civic and military parade which marched through the snowdrifts, in honor of the first president of the United States. With the exception of the brief exercises in the senate, the national capital turned to Alexandria, in the environment where George Washington had lived, for its official celebration of his birthday. Vice President Marshall laid a wreath on the tomb of Washington at Mount Vernon, and returning to Alexandria, joined the president and members of the cabinet and Governor Stuart, of Virginia, in watching the parade.

SCANDINAVIAN AMERICANS TO MEET—The Scandinavian-American society will hold a meeting in the Union hall on Fifth street on Thursday evening, February 26. It is a very important session as the election of officers is to be had, and several candidates are to be initiated. MEXICO SHEEP THIEVES—When Sheriff Adams and his deputies were rescuing marooned men and women from the center of the river yesterday morning, word was received by Justice Johnstone from the foreman of the Earl Porter ranch about twelve miles east of the city that three men had been caught at that place stealing sheep, and that they could be captured at once if the office would send out an officer. FEDERALS AND U. S. R. S. TANGLE

"Sing Hey! Sing Ho; And away we go."

There is to be war at the 'Y' on Wednesday night, war that will not be appeased even by the harmonious renderings of the 'Highlanders Quartette.' The Reclamation Service and the occupants of the Federal building, actuated by that green-eyed monster, have each decided that their fellows are better at some things than the other fellows, and they are talking so strong about it that if there were sewing circles attached to either building the scandal would by now be all over the village.

The Weather Bureau chief is so used to poking the 'old black cat' and the 'hoot owl' with the 'witches broom handle,' that he has achieved himself a reputation as a billiard sharp, and has in consequence issued a challenge to any member of the U. S. R. S. force a 182 ball line billiard match at the 'Y.' It will take place Wednesday.

Then Ad Parish came along and vowed, by Jinks, he could beat anybody yet at an indoor sack race, and this will take place Wednesday. 'Andy,' better known as a clubman gentleman and assistant postmaster, believes in the great national pastime, so during the recent wet spell, got some of the mailcatchers to help him organize an indoor baseball game, and he proposes to 'beat the tar' out of all the players the Zanjeros can scrape up.

But the water service bunch are some bowlers and are willing to roll the federal crowd for money, marbles or chalk, with an accent on the chalk. The water boys also have a strange hold on the water stunts. But that isn't all Colonel McClintock is going to organize a team of huskies for a tug of war against the heavyweight of the headquarter handlers.

Then when all the war is over the 'Highlanders Quartette' will pour oil on the troubled waters in the shape of the 'barbershop chord.' There will be refreshments.

P. S. Captain Jacobs has a valley ball team that challenges anything. P. S. 2 All this will take place at the 'Y' Wednesday evening. P. S. 3 It is combination night. Federal building and U. S. R. S.

OLD STORY OF DOUBLES ALWAYS GOOD FOR SKIT

The oft told story of the mixups of doubles, will be the subject of playwrights until time ceases to be probable. It was made famous by the "Two Dromies" by "Bogers Brothers" by innumerable actors, great and small, both in ability and reputation, since playacting began. Still it is a never-ending source of amusement. The troubles any two can get into if they look exactly alike will cause an audience to almost crumble in their seats at the ridiculous situations that can be conjured up for them. Last night Claude Kelly and Madeleine Rowe with their company of troupers, put over one under the name of "Whose Girl Are You?" and Ray Duncan and Lefty Lawson were the doubles. That is enough, the audience laughed until the curtain fell. Kelly himself was the regular fixer and he fixed things all right. He was Miles Lambert, and he ran about two miles doing the fixing. Miss Rowe was 'Betty Lambert' and her usual charming self. The Manning Trio were there as usual. One of the hits of the show, however, was the work of Alne Walker and Doris Manning, who played opposite each other.

Claude Kelly is putting them over better with each performance. His company at the Empress works well together. His shows are clean and his music good.

any reasonable hour. He then instructed them as to their constitutional rights regarding testifying or waiving examination. Specially immediately spoke up and said that he was prepared to be examined immediately but the commissioner ruled that he would have to wait until attorney's for the prosecution were present.

The case will be examined in the order of the swearing out of the warrants.

rents and the commissioner remarked that he hardly expected that all the cases could be heard in one day.

Different brotherhoods of railroad employees held meetings yesterday and a number of railroad men were in court this morning when the accused men were called before the commissioner.

May be Gangster
County Attorney Frank L. man made public the fact yesterday that he had under arrest in the county jail a man by the name of Fritchie, held on the charge of murder connected with the sudden death of a brakeman running on the Gila Bend division of the Southern Pacific some months ago, whose mangled remains were later found beside the track. Fritchie has been in jail for more than two weeks now and faces a formal charge of murder.

At the time of the brakeman's death, Fritchie was his companion brakeman on the run, and when he came to the end of the run at Gila Bend, Fritchie failed to report the missing brakeman. Later when he was confronted with his train partner's death, he was drunk, and he feigned innocence and indifference with no small success.

However, facts pointed to his guilt, and after a week or more steady work on the case, Fritchie was arrested and put in jail. It is supposed that he knew where his companion was located on the train all the time, and it was his business to know. Further he did not report the brakeman as missing at the end of the run, which he could not have failed knowing and which was his duty.
